- providing responsible financial management of the service, including establishing fees that will result in a financially viable service, while keeping user fees at the lowest possible level
- providing a fair and manageable system for dealing with non-payment and/or inability to pay fees/outstanding debts

### 3. BACKGROUND AND LEGISLATION

#### Background

The Department of Education and Training (DET) provides funding for each child who is enrolled and attending a funded kindergarten program in the year before school. Income from other sources, primarily fees, is required to meet all the additional costs incurred by the service in the delivery of the children's program. In addition, the Kindergarten Fee Subsidy (refer to *Definitions*) enables eligible children to attend a funded kindergarten program **free of charge in the two years before school**.

DET also funds Early Start Kindergarten for three-year-old Aboriginal and Torres Strait Islander children, and children known to Child Protection, to access kindergarten programs as outlined in *The Kindergarten Funding Guide* (refer to *Sources*).

Regulation 168(2) (n) of *Education and Care Services National Regulations 2011* requires that funded services have a comprehensive written fees policy, and the content of this policy must be communicated to families. The policy must include a written statement about the fees to be charged and the payment process. All families must be informed of applicable term and annual fees at the time of enrolment. Services must also advise eligible families of the Kindergarten Fee Subsidy arrangements. The fees charged must comply with the Kindergarten Fee Subsidy requirements (refer
